

SIDDHANT MORYE

Age: 23 years

PROFILE SUMMARY

Management professional with an architecture background, skilled in structured data analysis, translating user and market data into actionable insights, collaborating across functions, and delivering insight driven reports and dashboards to support informed decision making.

INTERNSHIP

Architect, Kembhavi Arch. Found. Nov 2022 – May 2023

- Conducted structured research and gathered stakeholder requirements for large scale airport and commercial projects to support informed decisions
- Analyzed inputs from structural, MEP, and landscape teams and consolidated feedback into prioritized action trackers to improve execution efficiency
- Developed analytical client presentation decks summarizing insights, recommendations, and next steps enabling quicker approvals and reduced review cycles
- Coordinated cross functional alignment across multiple teams and maintained organized project information to ensure smooth progress

ACADEMIC PROJECTS/TRAINING

Thesis: Parametric Design for Corporate Offices

- Conducted structured research on workplace requirements, analyzed user needs, and developed insight backed design recommendations for a sustainable corporate office in Mumbai

Pricing Analysis and Profit Optimization

- Applied regression based pricing analysis to study customer demand patterns and optimize profitability for a micro enterprise. Interpreted performance data to refine pricing strategy and improve customer acquisition

Financial Inclusion Modeling and Segmentation

- Analyzed a global dataset to build a 95% AUC logistic model and K-Means clusters, identifying key digital drivers of account ownership and uncovering actionable personas for targeted inclusion strategies
